Look inside for
all the details!

The Shot Spot hospital offers full-service veterinary medicine, surgery, vaccinations & wellness. As well as offering prescription food, dental procedures, cold-laser procedures and much more. Our state-of-the-art diagnostic equipment includes digital x-rays, in-house blood-fecal-urine analyzers and mobile technology.

Our staff are seasoned professionals committed to working together as an integrated team to provide high-quality medical and preventative patient care to ensure your furry family member remains a happy and healthy companion for life.

The Shot Spot's primary focus is on dogs and cats. The Shot Spot has partnered with a network of 24-hour emergency and critical care facilities to ensure your pet is never without care.
